

IRS PRIVATE DEBT COLLECTION PROGRAM

Provides Resources to Boost IRS Internal Staffing

The Internal Revenue Service's (IRS) Private Debt Collection (PDC) Program is a successful public/private partnership that provides taxpayers, who are aware they have underpaid their taxes, with manageable payment plans to help them pay down their tax obligations. The revenue brought in by the PDC Program bolsters the U.S. Treasury, provides resources to strengthen the effectiveness of the Internal Revenue Service (IRS) and ensures fairness in the federal tax system.

To date, **\$1.6 Billion** in past due tax underpayments have been collected via the PDC Program's voluntary, flexible installment agreements - **all while maintaining high program quality and customer satisfaction scores (99% and 93%, respectively).**

While the PDC Program's primary focus is to directly bolster the treasury, 25 percent of the revenue collected is allocated to fund the ongoing work of the IRS Special Compliance Personnel (SCP) Program - a new department of IRS staff that serve as automated collection system customer representatives assisting taxpayers in resolving outstanding tax debt. Under that mandate, **the PDC Program has contributed \$383 Million to support the IRS in hiring, training and sustaining 383 permanent SCP Program staff.** To date, SCP Program staff have collected more than **\$2 Billion** in outstanding federal taxes.
